

NEAL BROOKER

HEAD OF SQUASH & RACKETBALL

I am life-long sports fanatic and played football, cricket and golf competitively whilst growing up. It was only in my mid-teens I started to play squash socially at Cheam Squash Club.

I started to play squash more seriously when I enrolled at the **University of Wales Institute, Cardiff to study Sport Development and Coaching (2008-2011)**. I completed university with a **First Class Honours Degree and was the number 1 ranked squash player**. Following university, I embarked on a squash playing career, competing on the professional squash association (PSA) world tour. I **reached a career high world ranking of 255** and I was lucky enough to travel and compete in different countries including Australia.

In 2014, I decided to stop competing professionally and start coaching squash full time. Very quickly I realised, I was passionate about helping others and I focussed on developing my knowledge, **studying both the Level 3 England Squash Coaching Award and Personal Training qualification**.

Over the years I have worked at a variety of squash clubs, with players of all ages and standards. Notable coaching achievements include: working with a professional player who has won two PSA world tour titles and has a career-high ranking of 88, **coaching on the national junior pathway for England Squash** and **working closely with a number of county-level junior players**.

I am proud to be the Head of Squash & Racketball at Colets and I am **determined to provide a programme that offers everyone the chance to play and flourish in both sports at the club**.

Away from the squash court, I enjoy reading, watching Surrey Cricket Club at the Oval and playing golf.

If you have any questions regarding squash or racketball at Colets, or you are interested in individual or group coaching, please contact me:
